SCHEDULE A

LICENCE GRANTED IN : DATUM AGD66

EXPIRED

APPLICANT : AGRICOLA MINING PTY LTD

FILE REF : 428/06

TYPE : MINERAL ONLY

AREA : 33 km² (approx.)

1:250000 MAPSHEETS : PENOLA

LOCALITY : KONGORONG AREA - Approximately 20 km southwest of Mount Gambier

DATE GRANTED : 04-Jun-2007

DATE EXPIRED : 03-Jun-2008

EL NO : 3791

AGRICOLA Mining Pty Ltd

EXPLORATION LICENCE 3791

KONGORONG

FINAL (RELINQUISHMENT) REPORT

Sean Kennedy

MAY 2008

INTRODUCTION Agricola Mining was granted Exploration Licence 3791 in June 2007. The area covered farmland at Kongorong 20 kilometres southwest of Mount Gambier in the South East of South Australia. This area is shown in **Figure 1**.

EXPLORATION A field trip was made in May 2007 to investigate the old limestone quarries in the Kongorong area. Most abandoned quarries were found to contain flint nodules which are a contaminant and which render the limestone unsuitable for agricultural or industrial purposes. However one quarry southeast of Kongorong village was found to be flint free.

This quarry was pegged as a Mineral Claim under Miners' Right 8222 in mid 2007. Mineral Claim 3829 was then registered on 28 August 2007.

A MARP was prepared as part of a Mineral Lease application which was lodged with Mineral Tenements in November 2007. An offer of a Mineral Lease was made to Agricola Mining by Mineral Tenements on 18th April 2008. This ML covers 15.4 hectares and is on Section 437, Hundred of Kongorong.

ANALYSIS One sample was analysed from the disused quarry within MC 3829. Analysis was carried out by Unimin of Lilydale, Victoria. Results were :-

CaCO ₃	93%
MgCO ₃	5%
Moisture	2%

EXPENDITURE for PERIOD of TENURE

Phone	25
Photocopies	20
Postage	15
Claim posts	20
Professional time	3 000
Vehicle hire	3 100
Assays	100
Field Assistant	2 200
Accommodation	677
EL application, rent & advertising	1 060
Mineral Claim application	31
Mineral Lease application	162
Total Expenditure	\$ 10 410

CONCLUSIONS The most viable abandoned quarry at Kongorong was selected for future mining with the pegging of a Mineral Claim and the application for a Mining Lease. All other quarries were considered to be unsuitable.

Exploration Licence 3791 is hereby surrendered.
