Dear Sir,

Re: EXPLORATION LICENCE 1650 "SCHWIER DAM"

PROGRESS REPORT ON EXPLORATION  
FOR THE THIRD QUARTER  
ended 27th December 1990  
(FINAL REPORT)

No work was undertaken on this licence during the third Quarter.

Following the recent release of data from Peregrine Resources (Aust.) NL in SADME Open File Envelope No. 8261, a review of this data and Aberfoyle internal data was undertaken. The Aberfoyle data related to surrendered ELs 1499 "Gluepot" and 1502 "Lords Well", and to areas adjacent to the east in New South Wales.

This review led to the conclusion that there is limited potential for the occurrence of an economic body of heavy minerals in this area. The licence was surrendered.

A statement of expenditure is attached.
